

Shatterpoint: Star Wars Legends (Star WarsLegends) By Matthew Stover **Shatterpoint reddit** The jungle planet of Haruun Kal homeworld of the legendary Jedi Master Mace Windu has become a battleground in the increasing hostilities between the Republic and the renegade Separatist movement. **Shatterpoint core set** The only clue to her disappearance is a cryptic recording left at the scene of a brutal massacre: a recording that hints of madness and murder and the darkness in the jungle. **Shatterpoint reddit** And he will learn the terrible price that must be paid when keepers of the peace are forced to make war Shatterpoint: Star Wars Legends (Star WarsLegends)Matthew Woodring Stover (born 1962) is an American fantasy and science fiction novelist. **EBook shatterpoint core** He has written four science fiction/fantasy hybrid stories featuring a hero named Caine: Heroes Die Blade of Tyshalle and Caine Black Knife with the most recent Caine's Law released April 4 2012. **EBook shatterpoint vs** The creators of "Republic Commando" touted it as a dark gritty game and while I love it what that really meant was that everything looked dirtier and the aliens got juice on you when you stabbed them. **Graphic-literature shatterpoint stl** "Shatterpoint" is essentially "Heart of Darkness" with Jedi and brings a whole lot of apartheid analogues which make it one of the most explicit depictions of racism ever seen in Star Wars. **Shatterpoint mini instructions** This is not just "these people don't get along" like the Naboo and Gungans either there is blood spilled it is incredibly violent in places often from the most unexpected areas and the whole book is relentless in wearing down its protagonists and the reader. **Shatterpoint pdf** "Shatterpoint" is essentially a Mace Windu character study and gives some interesting looks into not only Mace but also the nature of the force and the dark side and what it means to be a peacekeeper in a time of war. **Shatterpoint tabletop simulator** Overall I can't really recommend this enough to Clone Wars era or Mace Windu fans and even for Star Wars fans in general I think it's still worth a look as there is really not much else quite like it. **Shatterpoint rules** It takes place only a short while after Geonosis and Stover really gets his fingers into Windu's anguish over killing Jango Fett and general retrospection over that entire episode which I found really fascinating. **Shatterpoint terrain** The characterization of Depa Billaba well all the characterization really since this is now EU is take it or leave it especially given the direction Disney has gone with her as Kanan's master. **Shatterpoint ewoks** English is that the author fails to see what he uncovers here the true point of balance of the force itself neither good nor bad and in doing so he maintains a rather conventional take on Jedi ethics which remains a mere reflection of a galaxy not so far far away if only he had the will to tolerate the very epicentre where the sith and jedi part ways at a philosophical level both a reaction against the oblivion of the jungle the jedi vow of selflessness is as untenable as the sith elevation of personal status they balance each other out Vader did bring balance to the Force and the prophecies were fulfilled:

Shatterpoint core set

In this essential Star Wars Legends novel Mace Windu must journey to his long forgotten homeworld to confront a terrifying mystery with dire personal consequences. **Shatterpoint ebook reader** The Jedi Council has sent Depa BillabaMaces former Padawan and fellow Council member to Haruun Kal to train the local tribesmen as a guerrilla resistance force. **Shatterpoint db** But now the Separatists have pulled back and Depa has not returned. **Shatterpoint tabletop simulator** He will leave behind the Republic he serves the civilization he believes in everything but his passion for peace and his devotion to his former Padawan, **Shatterpoint mini instructions** He may be known best for his four Star Wars novels including the novelization of Star Wars: Episode III - Revenge of the Sith. **Shatterpoint reddit** He has also written several fantasy novels including Iron Dawn and Jericho Moon. **Shatterpoint book** If you're a Star Wars fan that likes Mace Windu and likes a bit of real issues mixed in with your sci fi then "Shatterpoint" is the book for you. **Kindle shatterpoint rex** It is by far the most adult piece of Star Wars media I have ever consumed. **Graphic-literature shatterpoint** While he's arguably one of the most popular prequel characters in the movies he is essentially just Mace Windu: Awesome Jedi. **Shatterpoint tabletop simulator** Even in the comics

and The Clone Wars we don't get a great deal of information about the kind of man he is.

Shatterpoint tokens Aside from that there are some very creatively written action scenes that are pretty inventive in places and written in a way that it's always clear what's happening, **Shatterpoint list builder** Some people write action scenes and it's a mess of people jumping and kicking and you have little real notion of what it would actually look like, **Shatterpoint rules** English Although no longer 'canon' I purchased this novel because I loved Matthew Stover's prose in ROTS and anything exploring Mace Windu's character was sure to be enthralling. **Shatterpoint core set** This story is not about the galaxy it is about earthy dirty Darkness in a jungle. **Shatterpoint rules** The first chapters provide some excellent exposition in this respect. **Shatterpoint ebook reader** The overall plot is rather like plodding through tangled undergrowth which is probably half the point. **Shatterpoint ebook3000** It's not a thrilling read by any means not nearly as good as ROTS but *definitely* worth reading if you can't get enough Mace Windu: **Kindle shatterpoint rex** English I hadn't read this book for yea4 and tears so it was amazing ti be able to pick this up and feel like it was t first read: **Shatterpoint reddit** The unabridged audiobook is a phenomenal companion to listen to as well: **Book shatter me** In this book Mace has a mission back on his home planet a place he hadn't visited in decades: **Shatterpoint star wars** With creatures out of nightmares jungle battles and dark force powers this really is a fantastic action packed novel perfect for prequel trilogy fans. **Shatterpoint tabletop simulator** English Text is too small so I had to squint when reading. a recording in Depas own voice.Mace Windu trained Depa. Only he can find her. Only he can learn what has changed her. Only he can stop her.It's also the greatest insight into the mind of Mace Windu. Skip to the end for clones. Put down after I got to page two. English
