

Pinner, Hatch End, Eastcote: A photographic portrayal of listed buildings and structures (Historic Buildings Picture Guides) By rapo88.org English

A pictorial collection of contemporary colour and black and white photographs depicting the listed buildings and structures in the postal area of Pinner HA5 which also covers Hatch End and parts of Eastcote. Included is a map which locates the streets where the buildings and structures can be found with a short explanation of how buildings are assessed for listing and a glossary of the architectural terms used:

I bought this as a gift for someone living in Pinner. They loved the colour photos and discovering some of the buildings that are included in the book which are not that well known: If you know of anyone who loves the Pinner area this is a useful book for them. This book takes a close visual look at the decorative picturesque and sometimes quirky architecture, Pinner Hatch End Eastcote: A photographic portrayal of listed buildings and structures (Historic Buildings Picture Guides).
