Daddys Christmas (Yes Daddy Book 13).

. I have read most of the books that Lena had written. This was not my favorite mainly because of the dialog. I will continue to look out for her books. Thank you Lena for another great story. Keep them coming. I received an ARC of this book for an honest review. I see something I want I buy

it. But she's too young, too innocent. There's no going back. Her as mine. She is my responsibility. Period. And then it comes to me the word Daddy. There's a certain sense of completion within me. Until her. And this Christmas she will be mine. Now and forever. This is a short steamy daddy romance. No OM / OW drama and no cliffhangers. Always a sweet HEA. But there is a HEA. A happy holiday story. I love the holiday trappings that went into this story. Highly recommended. Christina wanted him as well. This is another great story by Lena Little. I think this is one of my favorites
