Back in the year of Queen Victoria's diamond jubilee Sherlock Holmes and Doctor Watson are on the trail of a missing icon of Scottish sovereignty (I won't give the game away) a missing duke and duchess and a Scottish Nationalist group planning to - well we're not quite sure what they are planning till we get to the end! The Scottish Question is an exciting mystery story with amusing and interesting characters - including Mycroft Holmes Lord Rosebery and the Duke of Edinburgh - and several intertwined plots that keep the action moving. **Dr. watson biography sherlock holmes** But one Scottish crown its history lost in the mists of time has been missing since it was taken by Edward the First of England from the Scottish King John Balliol whom he defeated in battle and ignominiously deposed. **Sherlock holmes book author** What if the most celebrated consulting detective in the world at the height of his powers in 1897 was put on the trail of the Golden Crown of Scotland? What if the most potent symbol of Scottish sovereignty was stolen members of the British Royal Family abducted threats made against the Queen and a campaign of terror planned by separatists aided by a foreign Power? What if Holmes and Watson tracked a conspiracy against the Union by some of the highest in the land? And what if a war of cataclysmic proportions might destroy the Empire and set Europe ablaze if they failed to uncover the plot? The Scottish Question tells that story. **Book review sherlock holmes** Two collections of Sherlock Holmes short stories are also on Kindle and paperback and another novel *Sherlock Holmes: The Scottish Question* are published and I will make *Hamlet and Me* and a book set in Ancient Rome in 475 AD available on paperback in 2016. **Sherlock holmes without a clue** A few early scenes lag a little but generally the necessary historical background to the plot is smoothly unfolded, **Sherlock holmes book description** As we have come to expect from this writer the dialogue is exceptionally good - authentic sounding and spiced with wit and character: **Sherlock holmes mystery london** The scenes in which our two bachelor lodgers are scolded by Mrs Hudson are priceless. **Sherlock holmes with pipe** Mike Hogan *The Scottish Question* The Scottish Crown Jewels known as the Honours of Scotland and secured in Edinburgh Castle consist of a crown a sceptre and a sword, **Sherlock holmes with pipe** They are older than the English Crown Jewels by a century or more as the original English Jewels were confiscated melted and sold by Oliver Cromwell. **Sherlock holmes without a clue** The canny Scots hid their Honours from Cromwell though he avidly sought them as symbols of Scottish kingship and for their melted value, **The series of sherlock holmes stories** *Sherlock Holmes: The Scottish Question* *Sons of the Thistle* I've lived most of my life in Africa Asia and the Far East manufacturing handicrafts and teaching. **Sherlock holmes book age rating** There wasn't really a plan just an instinct that I could write in different historical and contemporary settings. **Books about sherlock holmes** I completed a Sherlock Holmes novel trilogy in which Winston Churchill aged twelve joins Sherlock and Watson at 221B Baker Street. **Sherlock holmes biography** My semi autobiographical coming of age novel *Hamlet and Me* is on on Kindle and soon in paperback, **Famous sherlock holmes stories** A boy learns about life as he moonlights at the Old Vic theatre in London during the rehearsals for the O'Toole *Hamlet* in 1963: **Sherlock holmes birthplace** There wasn't really a plan just an instinct that I could write in different historical and contemporary settings, **Sherlock holmes museum** I completed a Sherlock Holmes novel trilogy in which Winston Churchill aged twelve joins Sherlock and Watson at 221B Baker Street. **Sherlock holmes with will ferrell** My semi autobiographical coming of age novel *Hamlet and Me* is on on Kindle and soon in paperback: **Book review sherlock holmes** A boy learns about life as he moonlights at the Old Vic theatre in London during the rehearsals for the O'Toole *Hamlet* in 1963, **Sherlock holmes character description** My comedy on the aftermath of the crazy 2016 US presidential elections on Kindle and in paperback.
