

Accidental Triplets (San Bravado Billionaires Club, #4) By Layla Valentine Rhys has a lot riding on his relationship with Nina his partner and offers Cassidy a completely insane offer but what happens to their agreement when she goes from having one baby to having three? This was a great story. It has romance.

One night of red-hot passion Two eager lovers And three accidental babies! Because what else do you give the man who has everything? Cassidy: I was a small-town girl with big dreams. When fate conspired and I had a chance to make an impression on him I grasped it with both hands but I wasn't expecting to spend the night with him! Weeks later and Rhys has long moved on He's dating one of the hottest women in the world. And the news is three times more explosive than I'd feared! Rhys: With raw talent and looks to boot Cassidy May set fire to my office—in more ways than one! It wouldn't be wise to date a protégée of course So I set my sights on a more...strategic choice of date. But who doesn't love a power couple? Gorgeous as she is I can't get Cassidy off my mind And now she's got something to tell me Something that'll change my world three times over... This is a steamy billionaire romance from Layla Valentine and Holly Rayner. Accidental Triplets (San Bravado Billionaires Club #4) □ FREE on Amazon today (6/3/2021)! □ Accidental Triplets (San Bravado Billionaires Club #4) The couple: Rhys and Cassidy Romance genre: secret baby Series: San Bravado Billionaire's Club Length: 233 pages Plot: Cassidy is an aspiring fashion designer who gets a chance to intern at Rhys' company. How long can that possibly last? Commentary: Typically the secret baby trope involves the guy not knowing about the baby but in this case he knows and wants her to keep it a secret. Not to mention - triplets? With little accurate pregnancy info in the story? Previous book in the series: The Baby Bargain Next book in the series: Take My V-Card Accidental Triplets (San Bravado Billionaires Club #4) Research required a designer romance,

#4) Cassidy has always wanted to be a famous fashion designer and when she learns she has won a contest that has her designing with 2 major designers she: However after having dinner and drinks with Rhys she ends up sleeping with him, Waking the next day she facing the reality of what she's done when he is cold and professional towards her. Trying to move past her hurt and make the best of the situation she stick it out and then the other shoe drops, An aspiring designer and mere mortal compared to Rhys Cole a creative genius in a city of tech billionaires. Accidental Triplets (San Bravado Billionaires Club drama and oops babies you couldn't ask for more in a story to captivate you. I would recommend this to anyone that loves to lose themselves in a great story, Accidental Triplets (San Bravado Billionaires Club #4) An okay story but nothing special about it in my opinion, Accidental Triplets (San Bravado Billionaires Club #4) I liked Accidental Triplets, And the designer just hoping to get her foot in any door so someone can see her creations, It all comes together when Rhys sets out to find that unknown name to mentor through his next pet project. And one sexy hot night later Cassidy is seeing a happily ever after Rhys is unfortunately looking in another direction: As much as he likes Cassidy and likes spending time with her he has a plan to boost his name and his sales: Even though Rhys did have moments where I really wanted to reach through my book and shake some sense into him, He was so focused on his bottom line and maintaining the ruse that was set up that he forgot that Cassidy and the babies were humans: He thought that throwing more

money at the situation would be the perfect solution, And despite his little public "relationship" there is no cheating: Accidental Triplets (San Bravado Billionaires Club #4) I read this quickly It's a full story and a really good Once i started i didn't put it down till i finished. Accidental Triplets (San Bravado Billionaires Club #4) This is the second book I have read in this series in 24 hrs. I'm a massive fan of secret baby books and loved Cassidy and Rhys story, I can't wait to get stuck in to the other books in this series. Accidental Triplets (San Bravado Billionaires Club #4) Accidental Triplets is a tale our hearts have come to know yet never gets tired of hearing. Cinderella yearns to get her invitation to the ball but life seems to keep getting in the way. Will she ever meet her Prince Charming and make all her dreams come true? Cassidy and Rhys are a modern kind of fairytale: Rayner sets out to inspire the dreamer in our souls and awaken the romantic within our hearts, They spend a night together and not too long after Cassidy realizes she's pregnant. Rhys is already seeing someone though so he asks her to keep the pregnancy/father's identity a secret: I actually read this book twice because I read it a long time ago and then came across it again and thought it couldn't have made me as angry as I remember. He takes advantage of this girl (and that's what he did - she hero-worships him and relies on his largess as boss and he seduces her, But when she turns up pregnant his response is to have her sign an NDA so that he can continue fake-dating someone else, As a mother if my baby daddy had decided to disavow me to further his career I would have told him to shove it, I understand why she took the money - triplets - but it's like she signed away her dignity when she signed those documents: It seemed so out of character for a romance heroine and I couldn't believe that most of the book was spent with him with another woman (even if it was fake): You cannot perform a paternity test at 1 month nor can you tell the sex of a baby at 8 weeks, if Cassidy had anything about her she would have told the father where to shove the nda: I was expecting more drama given the description and more romance: Accidental Triplets (San Bravado Billionaires Club #4) I really enjoyed this book, It was a fast paced easy read that was not filled with a bunch of fluff. She was a strong woman who knew what she wanted to do with her life if only the right door would open for her, That door did open when Rhys a billionaire fashion designer held a contest for an up and coming fashion designer to work along side him and produce a line of clothing. When Cassidy and Rhys met you could almost say it was love at first sight but I am sure the fire alarm and sprinklers say otherwise lol: When a publicity stunt between Rhys and his current fashion line partner Nina hits the tabloids it may not be a happily ever after for Cassidy and Rhys, Let's just say it all becomes a little complicated when a pregnancy test turns into three babies on the sonogram. she's pregnant. Once I started it I couldn't put it down. And me? Well I'm pregnant. Cynical? Maybe. This is well written and very entertaining story. The chemistry between Cassidy and Rhys is electrifyingly hot. I voluntarily read and reviewed this book. I enjoyed it so much I bought my own copy. Rhys and Cassidy. The established wealthy world wise fashion designer. Sparks fly when these two are in the same room together. Both creatively and personally. One glass of wine leads to a bottle of wine. And it definitely does not include Cassidy. Rhys and Cassidy were great characters. He just did not get it. Couldn't see the bigger picture. He does come to his senses eventually. The book does have a happy ending. There are no princes. There are no damsels in distress. He's a real winner. It did in fact do just that. Okay they're both adults sure. And then she forgave him? Ridiculous. Nice little story but the characters were one dimensional. I was left disappointed with this one. Writing was fine but it needed an injection of energy. I really liked Cassidy. Accidental Triplets (San Bravado Billionaires Club #4).
