

Tangled Up In Christmas By Lisa Renee Jones But what happened six years ago - why did he let her go???READ THE BOOK TO FIND OUT ©Adorable!A really sweet Texas & horses & cookies & second chances romance!With lots of funny and adorable moments. There is some holiday stuff because they're planning that charity event.

It took her only such a short time in the end to forgive and forget and move right into his house. TANGLED UP IN CHRISTMAS was an adorable Texas-Horses-Second-Chance Love Story!Run to your nearest amazon for your own Roarke - this one is MINE! ♡ ♡ Romance.

4 StarsMy head hurts. The yo-yo'ing these two did just about killed me ~ though if it had it would have been my own fault because I kept turning the pages to see what would happen next but I needed to see just how everything would work it self for Roarke and Hannah in the end. OMG they drove me batshitcrazy ~ Hannah more than Roarke in all honesty (wishy washy people drive me insane and considering I'm a Libra and am well versed in wishy washy it says a lot) ~ but they both definitely had their moments in the past and the present. Thank goodness for their friends family and just the nosy as all get out people of Sweetwater for making both of them see the error of their ways and finally get on the same page because even through everything I knew that they were it for each other. I loved catching up with Jason Jessica and Martha and loved meeting Ruth ~ who was so much fun! I'm crossing my toes that we'll get to spend a little more time in Sweetwater because there were a couple of interesting moments that I think could develop into a whole lot more!~ Copy provided by the publisher via NetGalley & voluntarily reviewed ~ Romance Suspense Mystery If you have read THE TRUTH ABOUT COWBOYS then you know Roarke he is the Vet in the town of Sweetwater and best friend to Jason this is his story. I was really looking forward to reading about Roarke and learning more about this brooding cowboy because we all know that someone broke his heart at some point we just didn't know who or how well we get all the answers we were looking for in this book. Hannah is returning to Texas after working in California for a few years her boss got caught up in the #MeToo movement and she was blacklisted along with him because of her association to him. I will admit this didn't sit right with me but I guess it was a good excuse for her to return home anyway she is starting her own business as an Event Planner and her first major event is going to land her right smack into the person she was hoping to avoid at all costs Roarke. So that's the basis around the story now here's my dilemma I liked the book I really did I just didn't love it so do I rate it as three or four stars? Well I went with three and this is why:Was the chemistry there? Yes absolutely but. I get the not wanting to keep your hands off one another but there was a big reason as to why you broke up in the first place so the trust is gone and before you have any discussion about it you're fooling around to me that was just rushed and unnecessary we knew they still cared very deeply for one another so them having sex so quickly to me minimized the reasoning on why they were apart for so long. This book is highly rated by other advanced readers and like I said I did enjoy it so I really hope you do grab a copy and give Hannah and Roarke's Christmas Love Story a chance. Happy Reading!!!**I have voluntarily reviewed an Advanced Readers Copy of this book for my Blog Nadine's Obsessed with Books** You can see this and other Reviews I have written along with various cover reveals excerpts and giveaways here Nadine's Obsessed with Books Romance Suspense Mystery Roarke made quite the impact in The Truth About Cowboys. And for all

her being mad at him and her resisting Suspense Mystery 4 solid stars for this heartwarming and steamy second chance story! Roarke and Hannah together were a good match and I was really happy to see them get their well-deserved HEA. Dual POV Safe no ow/om drama in present time; in the past (6 yrs ago?) - h believed H cheated on her she saw a video although we are not given any clear details about what exactly was on video; H has been with ow during separation; while h went out with om nothing is said whether she was celibate or not during their separation Triggers no apparent triggers Romance Suspense Mystery 4 steamy second time around stars Tangled Up in Christmas is the second book in the Texas Heat series though it can easily be read as a standalone. The main characters from book one appear in this story quite a bit but the author gives relevant information about their relationship so that the reader does not feel like s/he is missing anything vital to this story. After her celebrity photographer boss is caught in the #MeToo scandal Hannah has little choice but to leave Los Angeles and go back to Texas her dreams of making a name for herself in that world fading quickly. Even though her parents don't live in the small town of Sweetwater any longer (and for reasons Hannah has not been privy to) it's still the closest thing to home she knows which is what she needs most right now. He has now made a name for himself on YouTube doing what he has always done best: work with horses; in fact his nickname is the Horse Wrangler and though she won't admit it to anyone else Hannah has watched all of the videos his friend has posted. She once shared that passion with him and worked side-by-side with the instafamous equine surgeon but all of that went out the window when she was sent a video of Roarke appearing to be engaged in a steamy embrace with another woman. But distance and time have done nothing to make her forget her first true love and when she accepts a job to plan a major event in her hometown for another life-long friend (who happens to be the best friend of Roarke) she knows she cannot avoid him much longer. Though they grew up together he is several years older so while things simmered earlier between them it wasn't until Hannah came home from college while Roarke was working the neighboring ranch that they finally got together. Hannah looked up to him and put him on somewhat of a pedestal which is one of the reasons she fled: insecurity and a bit of immaturity as she was a naive 21 year old at the time. Roarke knows he made a mistake in not going after Hannah when she left but he knows things she doesn't about what happened that go deeper than alleged cheating and he knows those things (while they are not about anything he did) would hurt her. What I liked:--- Both characters were likeable; the reader definitely feels the connection between the two and wants to see them reconcile--- The plot is solid and quick-moving--- Steamy goodness! What I didn't like as much:--- At times Hannah still seemed a little immature in the beginning of the story but once she realized how much she had lost and what she had to gain she seemed to get it together--- I had an ARC copy of this book so I thought I was in one place in the story but I was much farther ahead (the book ended at the 57% mark so it felt very abrupt for that reason as I had no idea there was another story attached)--- Some of the circumstances didn't make sense. Since they all knew each other since childhood another scenario that seems highly unlikely (especially since the rumor mill in the small town was a focal point of the story) Overall a steamy second chance romance worth the read. 5/5 Violence --- none Language --- not egregious POV --- Dual but mostly from Hannah's POV* Note that steam level is not a rating so much as a how hot was it: 0/5 - clean; 1/5 - mild; 2/5 - sensual but nothing descriptive; 3/5 - now we're getting somewhere; 4/5 - yes please! ; 5/5 - they did EVERYTHING in this one y'all Please note that I received an advance copy from NetGalley in exchange for my honest review. What brought them together do they instantly hate each other or are they attracted to each other or both? However I decided to read this one because I like Lisa Renee Jones' writing. Jason's fiancé proposes that Hannah do the planning for the event they are launching which will be awesome for her business but she will have to spend time with Roarke because he is one of the facilitators of the event.

Blog|Goodreads|Facebook|Amazon|Twitter|BookBub Romance Suspense Mystery TANGLED UP IN CHRISTMAS IS LIVE + \$500 GIVEAWAY! It's time for a little Christmas in October! Tangled Up in Christmas is the latest standalone in my Texas Heat Cowboys series and features Roarke (Jason's best friend aka the resident sexy as sin horse wrangler) and the love of his life who got away years

ago but is now back in town! This book is a standalone so there's no need to read any other book prior to it. ly/2lylDvOABOUT TANGLED UP IN CHRISTMAS: I might be a country girl from the same small town of Sweetwater Texas as horse wrangler Roarke Frost the girl next door who knows him like few know him but I didn't know enough to save my heart. No matter how much I try to get tangled up in Christmas I end up tangled up in Roarke instead—and the man has me feeling the heat of our attraction and the warmth of our past friendship. Horse wrangler Roarke Frost's shoulders are just as broad as I remember that crooked smile of his still in place and my heart is melting like chocolate in the sizzling Texas sun. I'll definitely need to dodge the spiked eggnog if I want to stay tangled up in Christmas and not tangled up in Roarke again... Tangled Up In ChristmasNew York Times and USA Today bestselling author Lisa Renee Jones is the author of the highly acclaimed INSIDE OUT series:

And then add in a that he is a veterinarian who loves animals? How could you not love him. I loved his character and I loved how he handled Hannah and the reason they were separated in the first place. All I could think about was Hannah is probably kicking herself for not standing by him, We get some back in forth in the beginning of this because Hannah isn't willing to get past her hurt: Roarke wasn't willing to give up and made all that back and forth worth every minute, This was a great little holiday read with a beautiful ending: I can name a few cowboys that need a story of their own: But now she lost her job in Los Angeles and she's back home with an event-planning business: Lots of sparky moments! Some heartbreaking & frustrating moments, It was also another Lisa Renee Jones book - so it was just too long for me somehow: We could've cut a few pages and a few too complicated sentences, I had to put it on hold for a couple of days and read two other review books first. No idea why Lisa's words are too un-flow-y for my mind - maybe I just had an off day for that kind of writing, But I came back - and I really like the story now that I'm done with it: But it's a really cute second-chance love story! I loved seeing Jason and Jessica from the first book again - and the grandmas! I missed the Christmas from the title a bit, Which was so weird - she could've just stayed six years ago: What a waste of time! BUT - she was too young back then - she had a bit of life to live first, He was really so very adorable! But he should've told her the truth a long time ago. This one was definitely a rollercoaster of a ride but worth it in the end: Did they work things out before jumping into bed? NO absolutely not and I think this is where I have my biggest issue. Were they keeping Secrets? Of Course there were secrets some were big and some not so big but a complete shocker none the less. I understand the reasoning behind one but not the other so there's that, And then there's Hannah's family for me their story line gave me whiplash when you read the book you'll understand why, I recommend this book for lovers of Cowboy/Western Romances Second Chance Romances and lovers of Lisa Renee Jones' books, He was such a good friend to Jason helping him straighten up before he lost Jessica Suspense Mystery We all remember Roarke from the first book, Romance Suspense Mystery With a little bit of angst some homecoming feels and a lot of secrets this was a great second chance story: Years ago Roarke broke Hannah's heart which resulted in the break up of their engagement. Now she's returned to Texas and is soon thrust back into his world: While she loves all that he does to protect and ensure the safety of the animals he takes under his care she struggles to keep her distance both physically and emotionally. But Roarke is refusing to let her go again despite the fact that when she learns the truth he will lose her for good, 'I enjoyed watching Hannah come to some realizations regarding her state of maturity from her before time with Roarke to the present, I love when a character is able to decipher their own actions and reactions and the reasoning behind them. And Hannah more than made up for her past reactions when it mattered most. While we don't get a lot of Roarke's point of view we get enough to know that Hannah is his everything, His life is dedicated to taking care of animals and that character trait also ensures that he takes care of those he loves, 'While this is low on drama it is rich in relationship angst. Both Roarke and Hannah have their own struggles and fears to work through. The secrets Roarke is keeping helps to drive the story forward as the time for revealing them draws closer, I have to admit I wasn't sure how all of that was going to play out and that amped up the angst a bit

more. This is a great homecoming story with lots of small town feel good moments and all the warm feelings of being welcomed home again after living for years with a devastating loss: There are plenty of heartwarming moments with Roarke's horses that will definitely stroke every animal lover's heart. I did feel the lack of real couple time with these characters and would have liked to see them working their issues out face to face a bit more. But this author excels at character introspection and such is the case here as well, But after only a few moments of arrival she smacks straight into the main reason she left in the first place: her childhood friend and ex-fiance Roarke. Hurt confused and insecure a younger Hannah left without a word changed her number and took a job as far away as she could get: So he left her be as long as he could but he is finished waiting: if only she will listen and open her heart once again to him. For example Linda is supposedly Hannah's best friend but she had no idea that Hannah even knew Roarke much less that she was engaged to him? Um. Similarly Roarke's best friend also never knew that they had officially hooked up and were engaged, 75/5Main Characters --- 4/5Supporting Cast --- 4/5Steam Level* --- 3, Romance Suspense Mystery Sweet second chance romance with a surprising almost clean twist, ~~~~~I'm so used to reading her stories with a bit of mystery and suspense that I was surprised with the second chance romance. I kept waiting for the bad; the angst but it never really came: This story is a heartfelt romance about two people that truly should've never been apart, But now they're working on reconnecting and finding their future again. I love the theme of this story and I had this perfect vision of Roarke in my mind the whole time I was reading this book, He is a beautiful character and is completely over the top gone for Hannah, This book is heavy on the romance forgiveness and even the heated scenes are mild enough to almost be a clean romance, Definitely a cute Texas style romance story which is something I never thought I would say about a Jones book: Delightful entertaining with a fabulous happily ever after!-- Also while I love this cover it does not fit the theme of this book. * copy received for review considerationFull review - <https://amidlifewife.com>: I generally don't like second chance romances because I like to read about the couple first meeting and their reactions to one another: She always has both a steamy romance and a good storyline to go with it. This was the story of Hannah and Roarke who were engaged seven years prior until Hannah got an anonymous email showing a fashion model hanging all over Roarke, She couldn't take the fact that he was cheating when he meant everything to her and she wouldn't forgive the cheating: So she broke the engagement and moved from Texas to Los Angeles to make something of herself far away from Roarke and the heartache. Hannah worked with a high fashion photographer and he ended up getting unfairly blacklisted as part of the "Me Too" movement, So Hannah moved back to Texas to start her own event planning business. She rented an office from a friend of hers Linda a photographer in Dallas and when Linda got injured Hannah offered to take the photography appointment that night, Hannah goes to the event where she reconnects with an old friend Jason from the small town where she grew up and Roarke is involved as well. Hannah and Roarke haven't gotten over each other and they go from estranged to entangled in no time. The romance is hot Roarke is a great guy and a hot Horse Wrangler and Veterinarian: There is a mystery as to what happened between him and that model 7 years ago: The book was very good and it had animals rockin' grandmas and nice feeling of small town Texas: To celebrate I'm giving away \$500 in gift cards! It's super simple to enter all the details can be found HERE: <http://bit.ly/2l2VYLW> ORDER TANGLED UP IN CHRISTMAS EVERYWHEREeBookApple Books: <https://apple.com>, But now fate proves she loves a wicked twist and sends me back to Sweetwater to pull together a Christmas festival—and I run smack into the man again quite literally, His body is pressed to mine his hands on my arms and I'm melting like chocolate in the sizzling Texas sunshine, I know it's not exactly respectable but it works just not for long. But if he wants a second chance Roarke Frost is going to have to work for it, He'll need to prove to me that this holiday is a season of new beginnings the kind that last forever, Romance Suspense Mystery I haven't been back to Sweetwater Texas in years but somehow here I am—back where it all started, And of course I don't even make it out of the airport before I run into my ex—the entire reason why I left Sweetwater in the first place: But worse we're supposed to play nice together to pull off a Christmas festival in record time which is the key to launching my new

business. Now we're working side by side to save injured animals setting up a bid-on-a-cowboy auction and he's pushing for a second chance, But I know he's still keeping a secret that could tear us apart if I give him an inch. Suzanne Todd (producer of Alice in Wonderland) on the INSIDE OUT series: Lisa has created a beautiful complicated and sensual world that is filled with intrigue and suspense. Sara's character is strong flawed complex and sexy a modern girl we all can identify with: In addition to the success of Lisas INSIDE OUT series she has published many successful titles, The TALL DARK AND DEADLY series and THE SECRET LIFE OF AMY BENSEN series both spent several months on a combination of the New York Times and USA Today bestselling lists. Lisa is presently working on a dark edgy new series Dirty Money for St. Martins P New York Times and USA Today bestselling author Lisa Renee Jones is the author of the highly acclaimed INSIDE OUT series: Suzanne Todd (producer of Alice in Wonderland) on the INSIDE OUT series: Lisa has created a beautiful complicated and sensual world that is filled with intrigue and suspense. Roarke was everything I thought he would be in this book. I know I would have been. I wouldn't be opposed to more books in this world. Romance.

Hannah left town with a broken heart. And Roarke is still just as attracted to her. He never stopped loving her. Holiday moments. Fighting moments. Arguing moments. I really enjoyed reading it. The writing was too weird and complicated here and there. It felt like Lisa tried too hard to sound different. Ones which moved through my brain much more easily. That sounds weird and a bit unkind. We don't really have Christmas is the book. And Roarke was mature for both of them. But, it was all okay the way it was. I liked reading the book. It was cute. It really does. Roarke and Hannah took me on one hell of a ride. A ride I was all in for. But hot damn. I really liked Hannah and Roarke. Roarke is a good man. Compassionate passionate and determined. Hannah is sweet creative and motivated. But when it came to their second chance at love journey. He's Jason's best friend. Hannah also used to be friends with those two guys. And she was so much more to Roarke. But then after that summer six years ago but that's it. 'It's memories and love and passion. It's everything we were which was everything. Even when doing so goes against what his heart wants. 'He's an alpha. He's in control and yet. He makes me feel like I'm in control. Included is a great treat Santa Baby. Roarke never cheated on Hannah - he never would. She is back and he has a plan to win her. that's not a best friend. Plot --- 3. No angst like I was expecting. Plus a second story attached. But other people got in the way. The paperback publication cover is a better fit. <http://tangled-up-i.com/>. Romance Suspense Mystery Great second chance love story. I wasn't disappointed here. He is a great book boyfriend. I voluntarily reviewed an advanced copy of this book. All thoughts and opinions are my own. Hannah and Roarke's story begins and ends in this book. co/347Xs8sAmazon Universal:
