

Kneading You (A Lancaster Story, #1) By C.S. Poe **Kneading yousef** This is adorable – and it involved BOOKS LIBRARY A MAN WHO CAN BAKE!!! I can totally dismiss the quick timeline – this one is a short story after all less than 50 pages. **Kneading youqiang** As a reader who always dreams to have access to great library – I’m not an American library in my city/country when I grew up was limited – I can just imagine Christopher’s determination to help. **Kneading youve** Christopher Hughes gets his dream job – well actually the possibility of a job if he manages to bring about a miracle and restore a library to its former glory inventory all the books and institute a barcode system all in the matter of a weeks. **Kneading to unwind depoe bay** Poe manages to give us two nicely fleshed out characters within a small number of pages and you immediately feel there's a sense of rightness about these two men finding one another: So I said dipping the bread into the soup and tasting the combination. **Kneading yousef** Review posted at Gay Book Reviews – check it out! 9781952133121 As an avid and very enthusiastic homemade bread maker I can honestly say that as far as the art of bread making goes [C. **Kneading youve** And the meet-cute and romance? ☐ Absolutely scrumptious like a delicious bread! ☐☐☐ Although this was a short story you get a perfect sweet and fluffy love story between a geeky but confident librarian and beefy but shy handyman/baker. **Kneading youve** Miles Sakasai is the local handyman who's been hired to help fix the library up in an effort to bring it into the present so that they can get continued funding and keep the library open. **Kneading youqiang huang** As a reader it seems to me that one of the hardest things for an author to do is to write a short story that not only engages the reader but has believable relationships and for me Ms Poe has succeeded with this story. **Kneading pizza dough** in 'The Color of You' we visited the local high school where we met Bowen Merlin the new school band leader and Felix Hanson proprietor of the local apple orchard and were treated to their love story and then in 'Joy' Ms Poe shared the story of Gideon Joy a down on his luck traveler who finds himself stuck in Lancaster and rescued from an encounter with a moose by construction worker Silas Bright. **Kneading yousef** While 'Kneading You' is the shortest of these three tales the author has still managed to keep it every bit as enjoyable as the previous two stories and I can honestly say I'd love to have at least one more story and that's one where these 3 adorable couples who all live in this small town meet and become friends. **Kneading youzik** Set in Lancaster New Hampshire and having not initially realized that this is also the setting of Joy and Color of You have no fears regarding continuity sake as this was the first to be published in the Simmer Anthology (but in all honesty I feel these can be read as standalones). **Kneading pizza dough** When local handyman Miles helps him fix up the dilapidated library Christopher can't resist being wooed by the reticent man's steady presence as well as his phenomenal baking skills. **Kneading to unwind** When an opportunity arises to help save the library the win was oh so satisfying! Overall as with all good shorts this wasn't close to being long enough leaving me wanting more of Christopher and Miles's happy ending! Thanks to the author/publisher for a copy in exchange for a honest review For Ann's thoughts please check out the blog! 9781952133121 This is one of those books that make you wanna go 'awww'. **Kneading ruby booking** I'm still fairly new to Poe's books and I can't wait to tackle more! 9781952133121
