The story is well written and engaging. Amoz is attracted to her. Their story is drawling you into it. This book is told so sweetly you're rooting for them. 118 It's okay. Loved the romance passion and drama. 118 The ending was rushed. The editing was poor. Switched tense & person randomly. Yikes this was pretty painful to read. In the typical fairy tale manner all ended well. I enjoyed the characters and the plow flowed well. 118.
