Savage. He exuded all the BDE you could want and need. He couldn't wait to put paws on Sleigh's ex. Sleigh wasn't a lightweight either. She wasn't playing with Chelsea or her mom. Mini Mayweather mixed with Jackie Robinson lol. I loved Wise's mom and their relationship. It was humorous and their interactions were fun to read. Then Chino and Knoble had me cracking up. Big little . . . mixed with love.

Book Snowed In With An Atlanta savage king

And a ton of laughter. I didn't want it to end. Sleigh was the Beauty and Wise was the Beast. Money thought he was untouchable cuz of money. But he found out that was a lie. China was a jealous gold diggin heaux. She gave me hater vibes from the beginning. I really really enjoyed this story. Yeah he most definitely good what he deserved. Wise was one disrespectful mean a** motherfudgesicklestix. When he was giving her the that first night. But Sleigh wasn't the one either. She matched Wise's energy. She was just as reckless with her mouth. They were perfect for each other. Kindle Edition Wise is bae. I love him. This is a great story. I really enjoyed it. I want more it's definitely a page turner. First time reading this author and I'm a fan. Knoble was something else and her and Chino was hilarious. I loved how Knowledge was so protective of his sister. Good job Shatina Shirelle. I laughed and smiled throughout the entire book. Their interactions were a whole hot mess. I look forward to seeing what's next. Foot to necks all year!!!! Kindle Edition.
