Sparks fly between them in this little town and soon they are as real as the potential threat that looms around them! Tory doesn't disappoint safe and sweet with the heat we expect ☐2 epilogues 9 months and 2 years Very little inconsequential OM drama( if that)Not Virgins( wasn't really discussed )but no other ever mentioned. **Book 223 True Love Ln.5** It's possible this author wrote about Graham before he married the woman and she was the wife from the previous books but whoever decided the order that these would be placed in this series should've done a better job. **PDF 223 True Love Ln.5** I loved both characters and that you were introduced to them both in the beginning that you got to see their interactions and get to know them together but then you also got a look into their pasts too as they talk and get to know each other. **223 True Love Ln. booking** The way the first chapter opened had me confused at first but then as I read on I and it was easy to understand what was happening that she needed some help from him and that he was happy to do so that he was ready to be the protective alpha who was ready to stand up for her but that didn't make her a damsel in distress no she was still a strong character. **Book 223 True Love Ln.m unit** Their relationship came together effortlessly and even though it was supposed to be a fake relationship you could feel the chemistry lighting up the pages and to me it never felt like they were having a fake relationship but that it was real from the beginning and that they already knew each other from the beginning having lived in the town at the same time. **Book 223 True Love Ln.hako** I loved the mention of the previous stories characters which I enjoyed the joining of the stories which make this series good to read they may be standalones but still part of the series. **Book 223 True Love Ln.hako** I am always excited and happy to read any new book by the author she is one of my automatic one click buy and she still will be after this!! I received a free copy of this book via Booksprout and am voluntarily leaving a review. **223 True Love Ln. booking** But when Lily approaches him with a favour he knows that his days of being fancy free and single are well and truly over he taking his chance to be with her forever and when it looks like she's in more danger than he ever imagined he's ready to protect his woman come hell or high water. **223 True Love Ln. book** Is this really his chance at happily ever after? The first chapter in this book was a little confusing so give it a chance these two characters were created for one another he's the rough to her smooth and together they are perfect. **Book 223 True Love Ln.yodu.app** Our heroine decides that she needs a fake relationship to show this guy she met on a dating app that she was serious when she said she wasn't interested as he's turned into a stalker so she approaches our hero and he agrees. **Book 223 True Love Ln.5** ) So this had one of my favorite things in an insta-lovey book like this: an actual (v brief) conversation about birth control and a follow up after with the H basically telling her he'd go along with whatever she wanted because IT'S HER BODY. **Book 223 True Love Ln.5** Neither virgins which I loved actually no real mention of either past but no confirmation that either were not with anyone else physically since meeting no abuse no OW drama epilogues at 9 months and 2 years.

## Book 223 True Love In.5

Fiction This story was a little bit too boring for me. **Book 223 True Love In.5** My big complaint is that I felt like I came in in the middle of a story: **EBook 223 True Love In.401** Two lines in and Lily's already asking Beau to be her fake boyfriend: **Book 223 True Love In.5** This is supposedly a second chance romance but there was no backstory of them whatsoever, **Book 223 True Love In.5** Only a few lines casually mentioned that they may have known who the other was in the past and may have sorta been intrigued by the other. **Book 223 True Love In.hako** No other indication that either Beau or Lily had a crush on the other at any point in the past: **Book 223 True Love In.5** Definitely not what the description of this story made it out to seem. **Book 223 True Love In.401** So yeah.

I started wanting to skim through at about 30% in. But that's not even the whole issue. That's it. But that's not exactly what happens. I concentrated on getting my life where I wanted it. My bar is in great shape now. There's just one thing missing. Lily Velasquez was always meant to be mine. Now she wants me to pretend to be her man. I don't hesitate to agree. But what Lily doesn't know is that I am her man. **223 True Love Ln.** You could feel the chemistry and the want between them. 2 bad dates later ans she's looking to Beau for help. Romance I felt a bit jipped on this story. I expected one thing and didn't get that whatsoever. The fake relationship plot was super weak. Also. along with his wife. Ugh /end rant. They were like opposites that complemented each other well. They were both wrote perfectly. Their journey pulled me in. Romance Fiction Lily is tired of being lonely. He insists on kisses from Lily all the time. Lily is ready to forget pretend and drag him into bed. Great read perfect length for a

bedtime treat. Recommended read. Honestly this book was just delightful. (She was pining too. but his pining is just so swoony. I'm all for an alpha but have a conversation.) Consent y'all. It's sexy. of course we were also 75% in. This is only going to get better. However he quickly changed his tune and was all in. The characters had wonderful chemistry. Their scenes together were amazing and enjoyable to read. Romance Fiction
