

## Chiara's Steamy Shifters (Monsters and Gargoyles) By Lacey Carter Andersen

I loved Chiara's story she is a very lonely monster until her friend Aura brings her a mixture like coffee Chiara was only supposed to have one cup instead she had three and what Chiara gets is three very satisfying men but what they are scares Chiara and she's a monster. Will he be affected by her curse made to suffer great misfortune soon after they meet? But Aura feels it is her magic that will bring this man and not Chiara's curse so she should not be afraid to try this. Chiara was instructed to drink only ONE cup but it was delicious and changed flavor with each cup she drank -- she had three before she remembered Aura's instruction! Something amazing and shocking is going to happen... restless she goes outside and wanders up the mountain wading through the lava flow that circles her home. What will happen next? Where should she put the statues before her sexy man shows up? How long will she have to wait for the spell to begin? Kindle Edition [FREE](#) on Amazon today (8/16/2022)! [Kindle Edition Chiara's Steamy Shifters: Monsters and Gargoyles Short Story](#) by Lacey Carter Andersen is an amazing short story that I have loved reading very much. If you like it it will whet your appetite for the Monsters and Gargoyles series each featuring a misunderstood female monster who is rescued by a trio of gargoyles and treated to wild sex, I loved this story it's short but it's a fantastic story and I highly recommend this book: It does have adult situations so should be for adult readers: An old female monster is going to use a spell to find fulfillment in a one night stand, I received a free copy of this book via Booksprout and am voluntarily leaving a review. There is no HEA in either version.

But rather seems like the first chapter of an upcoming book. I look forward to the full book but I don't see any info on if/when it will be published: Hot men interesting woman storyline (even if it's so short) steam (hot and right one and lava's steam) friendship magic and even more, Kindle Edition Chiara's Steamy Shifters is a fun quick read with an entertaining storyline, I loved that Chiara drank three cups instead of one and then gets a triple surprise. I loved this steamy shifter romance and getting to return to the world of monsters and gargoyles was the cherry on top. Kindle Edition Wow! I [love this!!](#) This was a short but super hot read, I hadn't read any of the Monsters and Gargoyles books which I didn't need to read this but I immediately went back and started at medusas book afterwards: Chiara is lonely on her island and has a friend make her a potion for her to get a man to enjoy her time with: She's only supposed to have 1 of the tasty drinks but forgets and has 3: Shortly afterwards she discovers 3 stone Gargoyles on the lava river: After they lose their stone facade she enjoys the time of all three of them. They vow to return and I can't wait to see what happens!!! Awesome book!!! I received an ARC for my honest review: Chiara believes she is a monster and has moved out of the world so she won't impact others through her curse. But she is lonely so her friend Aura half-harpy and half-witch brews a coffee-type potion for her to change her life just a bit. It will allow her to find a man to briefly pleasure her one who needs her just as much as she needs him, And she feels something underfoot and drags it to the edge of the lava: She finds two more large stones like the first and realizes they are sculptures abandoned by an artist perhaps so she takes them home. I was hooked from the minute I opened page one till the very end: I highly recommend this story to everyone who loves reading erotic fantasy and paranormal romance. I received a free copy of this book via Booksprout and am voluntarily leaving a review. Kindle Edition A short very erotic sexy story about a monster sexually satisfied by three gargoyles and who in turn are satisfied by her: Kindle Edition Do monsters have midlife crises? Because I'm pretty sure I'm having one... My kind bring trouble and chaos wherever they go, SO rather than continue to watch the people around me being impacted by my curse I did the only thing I thought I could I stepped away from the world, So when my friend mixes up a special coffee one that could make my life a little more fulfilling I drank it eagerly ready for whatever life might throw at me, The last thing I expected was for three gorgeous men to show up at my doorstep wanting me. If this is a midlife crisis well I think I'm going to enjoy it, Chiara's Steamy Shifters is a short story that takes place in the Monsters and Gargoyles world: It is a standalone though so you don't need to read any of the
