Software This book was recommended in a search here and loved the description and the excerpt.

Gia conoscevo l'autrice tramite i suoi video youtube so I ordered in a minute. I was a bit worried that the shipment was to be sent via Royal mail (*they are notorious of losing packages even within the UK and for Bulgaria it is like a game of Russian roulette one package would arrive in no time others you will never see). Not only did they reply swiftly (*I left my message on a Friday late afternoon the answer was sent on a Sunday afternoon) but they also started arranging for a replacement copy to be sent to me totally free of charge and without me even asking for that! I thanked them and promised to keep them posted not even hoping to get the first parcel any. Highly recommend both the book and the seller you won't be disappointed! Adatto principalmente a chi inizia a fotografare con un a macchina fotografica (volendo anche per coloro che scattano da cellulare): Enormously helpful step by step tutorial for anyone looking to enter into food photography, Software Good value £15 book on food photography v useful and informative Inspiring read: I am a photographer and at the time was looking for new books to upgrade my skills so this one seemed like just the right thing, So I braced myself for a long wait and kept my fingers crossed, 40 days after the order the book had still not arrived so I decided to contact the seller just in case: I didn't want my money back I wanted the book and thought maybe they would know : I left a message thinking they would just throw in some excuses or ignore me but nope. That next morning a Monday 40+ days after the order I received a notification from the local post office to come claim an international shipment. I was thrilled and basically ran there the moment I could get off work for an hour, So I sent a message to the seller not to dispatch a replacement copy thanking them once

again: Truth be told I was pleasantly surprised by how the situation was handled and the fact that the first book arrived made my day, On the book itself it is mainly aimed at beginners BUT the challenges in it are great to have fun and produce some new work in different styles, I'm not exactly a beginner in food photography (*not a food stylist either) but I can't wait to try out the challenges, With camera in hand and Joanie's expert guidance at your fingertips tackle every photography challenge with confidence and take your food photos from meh to mouthwatering in no time: Picture Perfect Food: Master the Art of Food Photography with 52 Bite-Sized Tutorials.
